OFFICIAL MULTI-SURFACE DESIGN SYSTEM & COMPONENT SPECIFICATION

Vidya's Kitchen UI System

Unified visual baseline across Customer PWA, Desktop Showcase, Driver Navigation & Kitchen Station.

PRIMARY FONT	PRIMARY BRAND COLOR	TOUCH TARGET SPEC	SYSTEM STATUS
Outfit (Weights: 400-900)	#BD2320 (Crimson Red)	44px - 52px Minimum	Production Ready v2.1

THE FOUR PURPOSE-BUILT ECOSYSTEM SURFACES

Vidya's Kitchen rejects one-size-fits-all generic responsiveness. Each operational role runs on a tailored ergonomics surface.

01 Customer Mobile PWA

Home & Office Dining / Handheld Mobile

Canvas: #F5F5F7 · Primary: #BD2320

Radius: 18px – 20px (Organic Comfort)

Engineered for relaxed thumb-reach browsing. High appetizing clarity, soft glare-reducing backdrop, 52px primary action wells, and natural bottom-sheet drawers.

02 Desktop Showcase Landing

Marketing & Cross-Device Onboarding / Large Screens

Canvas: #0D0D0D · Glow: rgba(189,35,32,0.22)

Radius: 16px – 24px (Glass Aesthetics)

Dark cinematic theater aesthetic. Features high-precision glass QR code box with laser scanning beam animation and instant WhatsApp order trigger.

03 Driver Delivery PWA

Outdoor Sunlight & Night Navigation / Two-Wheelers

Canvas: #0A0A0A · Action: #34D469 / #F5A623

Radius: 14px – 16px (Dense Tactility)

High-contrast daylight glare suppression. Ultra-bold typography, dedicated Amber Cash-on-Delivery banner, and oversized 48px one-tap dispatch buttons.

04 Kitchen Station Dashboard

Busy Prep Desk / 8+ Hour Manager Shifts

Canvas: #0D0D0D / #141414 · Accent: #F5E32D

Radius: 8px – 12px (Desktop Workspace)

Designed to eliminate eye fatigue. Action Yellow (#F5E32D) acts as a high-visibility beacon for live incoming orders, paired with live storefront status pills.

CORE SYSTEM ARCHITECTURE MANDATE

Every surface maintains independent visual tokens optimized for its environment while sharing strict geometry harnesses (minimum 44px tap bounding boxes, Outfit typography scale, and unified order telemetry). Components from one surface must never be imported into another without proper token mapping.

01

Typography Hierarchy & Scale

The system uses Outfit exclusively across all 4 surfaces. No secondary display font is permitted.

PRIMARY TYPEFACE: OUTFIT

Google Fonts / Modern Geometric Sans with high x-height, curved terminals, and open counters designed for high legibility on mobile screens.

COLOR TOKENS & ACCESSIBILITY GOVERNANCE

1. Strict Surface Isolation: Brand Crimson (#BD2320) is exclusive to Customer PWA; Yellow (#F5E32D) is exclusive to Kitchen Dashboard; Signal Green (#34D469
2. Zero Pure Black Text on Customer PWA: Always use Charcoal (#1A1A1A) on soft gray (#F5F5F7) to preserve organic food warmth and avoid harsh contrast.
3. WCAG 2.1 AAA Contrast: All button labels and price badges strictly maintain > 4.5:1 contrast ratio against their respective container backgrounds.
4. Semantic Status Uniformity: Green (#22C55E / #86EFAC) = Online / Success; Amber (#F59E0B / #F5A623) = Promo / Cash-on-Delivery; Red = Urgency / Brand
