Chennai, India | +91 99412 92729 | santhosh.a.designer@gmail.com | designbysanthosh.com | linkedin.com/in/santhosh-designer

SUMMARY

Senior UX Designer & Design Engineer with 5+ years designing complex data-rich platforms, enterprise workflows, and component-based design systems. Proven track record turning multi-step business logic into clear, accessible interfaces (WCAG 2.2 AA) across retail consultation, marketing automation, and real-time operations. Leverages modern AI-assisted workflows, Spec-Driven Development (SDD), and hands-on frontend engineering (Next.js, TypeScript, Figma) to eliminate handoff friction and build responsible human-in-the-loop systems alongside product and engineering teams.

SKILLS

Enterprise UX & Systems Design: Complex Workflow Mapping, Information Architecture, Data-Rich Dashboards, User Research & Usability Testing (Maze), Customer Journey Mapping, User Personas, Accessibility Compliance (WCAG 2.2 AA).

Design Systems & Craft: Figma (Design Systems, Auto Layout, Variables & Tokens, Interactive Prototyping, Component Documentation), Responsive Layouts, Pattern Libraries, Design-Dev Handoff Specifications.

AI-Assisted Design & Rapid Prototyping: Spec-Driven Development (SDD), AI-Assisted Prototyping (Cursor, Antigravity, GitHub Copilot), Human-in-the-Loop Governance, Rapid Functional Prototyping.

Frontend Engineering: React, Next.js, TypeScript, HTML5, CSS3, Tailwind CSS, REST APIs, Git.

Collaboration & Delivery: Agile / Scrum Sprints, Cross-Functional Team Alignment (PMs, Engineers, Stakeholders), User Feedback Loops, Mentorship.

EXPERIENCE

Co-Founder & Design Engineer

Oct 2025 – Present

Commerce Agents (Product Studio) — Chennai, India

- Led an integrated cross-functional team of 5 (3 interns, 1 client-acquisition consultant), owning product decisions, business experience design, and production frontend engineering.
- Framed an ambiguous ordering problem into testable bets for Vidya's Kitchen: shipped a responsive mobile PWA and a one-sentence WhatsApp ordering flow where AI drafts and the server prices, eliminating peak-hour phone congestion.
- Designed a live kitchen dispatch board and a nightly AI pricing agent with strict human-in-the-loop governance; the kitchen approves or declines every pricing recommendation before release.
- Architected the sourcing and review pipeline for editorial pet platform We Two Pets (wetwopets.com), implementing a 2-human curation voting desk before products go live to eliminate hallucination risk.
- Applied Spec-Driven Development (SDD) and AI-assisted prototyping tools (Cursor, Antigravity, GitHub Copilot) to build functional prototype environments directly in code, validating complex edge cases before production rollout.
- Designed data-rich telemetry and operations dashboards, including real-time EV battery pack health (SoH, voltage, temperature) monitoring for iRasus and rural ATM replenishment workflows for IndiaOne ATM.

Senior UX/UI Designer **May 2024 – Sep 2025**

Parla Retail (UK HQ — Chennai Office)

- Worked directly with US enterprise retail clients (Nebraska Furniture Mart) to gather feedback and feature requirements to address high-value showroom drop-offs.
- Designed the Show & Sell live interactive consultation interface, integrating real-time video, screen-sharing, in-call product discovery, and in-call checkout.
- Designed an integrated retail appointment scheduler with automated calendar sync and reminders, achieving a +31% lift in booking completion and −26% drop-off reduction (directional, pilot funnels).
- Delivered comprehensive UI specifications, component states, and interactive Figma prototypes aligned with design system patterns and WCAG accessibility standards for frontend engineering squads.

Lead UX/UI Designer **Oct 2022 – Feb 2024**

Intellemo.AI — Gurugram, India

- Led UI/UX architecture overhaul of B2B SaaS marketing automation workflows and automated AI ad generation interfaces.
- Restructured monetization and subscription UX with transparent billing tiers and clear value communication to support customer retention.
- Scaled platform adoption from 1K to 10K+ users through systematic usability testing, friction reduction, and simplified navigation architecture.

UX Designer & Software Developer Intern **Aug 2020 – Oct 2022**

Iconic Dream Focus — Chennai, India

- Won a competitive Tamil Nadu Government digital modernization project (Vandaloor Zoo platform) through accessible information architecture, interactive maps, and ticketing flows.
- Served as Design Lead (Dec 2020 – Oct 2022), reducing project delivery cycles by 25% by introducing agile design sprints; designed the flagship “DRMURS” mobile social application from discovery to production launch.
- Collaborated with engineering squads to translate wireframes and UI designs into responsive web interfaces using HTML, CSS, JavaScript, and Bootstrap under strict sprint deadlines.

EDUCATION

B.Tech in Information Technology **2016 – 2020**

Loyola-ICAM College of Engineering and Technology — Chennai, India

Advanced UX/UI Design Certification **2020**

Aspira Design Institute — Chennai, India
