Experience

Freelance UX/UI Designer & Developer

Independent, Chennai | Oct 2025 – Present

- Delivering end-to-end UX design and frontend development for clients across **e-commerce, EdTech, and community platforms** as an independent practitioner.
- Building scalable interfaces using **Next.js, Tailwind CSS, Framer Motion, and AI-assisted workflows** (Cursor IDE + MCP Servers) for rapid, pixel-perfect delivery.
- Managing full project lifecycle — client scoping, **iterative design sprints, handoff, and deployment** — independently for multiple concurrent clients.
- Freelance projects:** Vidya's Kitchen, Pet Ecommerce CEaSS, Irasus - AI Battery Dashboard, One India ATM App.

Senior UX/UI Designer

Parla Retail (UK Based) | May 2024 – Sep 2025

- Navigated complex international ecommerce requirements by collaborating with **US/UK clients and enterprise partner NFM**, successfully launching **cross-cultural UX solutions** with high stakeholder satisfaction.
- Addressed poor user communication workflows by designing **interactive CTA system with omnichannel integration**, resulting in **enhanced user engagement** through seamless calls, messaging, and booking capabilities.
- Streamlined inefficient sales processes through **comprehensive dashboard interface redesign**, achieving **improved salesperson productivity** and optimized client interaction management.
- Overcame limited ecommerce functionality by revamping **“Show & Sell” platform with video call integration**, driving **significant sales growth in US market expansion** through enhanced user experience.
- Resolved complex appointment booking challenges by developing **intuitive scheduler with enhanced workflows**, substantially **reducing booking complexity** and improving customer satisfaction scores.

Lead UX/UI Designer

Intellemo.AI, Gurugram | Oct 2022 – Feb 2024

- Tackled declining client engagement by leading **comprehensive UI architecture redesign**, achieving **25% increase in client engagement and ad sales** through strategic user-centered design implementation.
- Addressed poor monetization strategy through **competitor analysis and subscription model optimization**, successfully **boosting revenue from 0.35% to 13%** via improved billing communication and value proposition.
- Overcome limited app adoption by enhancing **usability and interaction design**, successfully **scaling app downloads from 1K to 100K+** through improved user experience and interface optimization.
- Simplified complex AI integration challenges by designing **streamlined interfaces for ad promotion features**, delivering **20% improvement in user experience** and seamless workflow automation.

UX/UI Designer

Iconic Dream Focus Private Limited, Chennai | Aug 2020 – Oct 2022

- Accelerated project delivery by implementing **agile design methodologies and team leadership**, achieving **25% reduction in delivery time** while maintaining high-quality user experience standards.
- Developed startup's flagship product by designing **“DRMURS” social networking application from concept to launch**, creating user-centered solutions that became the **company's leading product** with strong market reception.
- Won competitive government platform redesign by applying **information architecture principles to Vandaloor Zoo project**, securing **first place recognition** and generating **30% increase in business opportunities**.

Key Projects

Show & Sell Platform – Parla Retail

Architected ecommerce platform connecting users with salespersons through intelligent call routing, chat handoffs, in-call product additions, and payment processing.

Customer Scheduler Integration

Designed third-party appointment booking system for ecommerce platforms with real-time availability and automated notifications.

Pet Ecommerce CEaSS

A pet commerce website currently under development with AI-assisted product selling. Taking full ownership from UX analysis to development, including creating AI agents for core flows.

Education

B.Tech in Information Technology

Anna University, Chennai | 2016 – 2020
