

The Key

“

When you encounter a special child, bring them to The Key – where every child's potential is unlocked

THE CENTRE FOR SPECIAL EDUCATION

Assessment and Evaluation

We assess student's abilities and needs through various evaluation methods to develop individualized education plans (IEP's).

Individualised Education Plans (IEP's)

We create and implement IEP's to each student's unique needs, outlining specific goals, accommodations, and modifications.

Instructions

We provide specialized instruction in academic subjects, life skills, and social skills, using various teaching methods and materials to meet diverse learning styles.

Collaboration

We collaborate with parents and school teachers, to enhance student's potential.

Behavior Management

We implement behavior management strategies to help students to develop appropriate social skills and to manage challenging behaviours.

Advocacy

We ensure OUR students receive appropriate services and support within the educational system.

Professional Development

We use new strategies, and technologies in special education to enhance the teaching practices.

Support and Counseling

We provide emotional support and counseling to students and their families, helping them navigate the challenges associated with difficulties.
