Design Engineer & Lead UX Designer • What I Bring: 5+ years bridging rigorous user research, scalable Figma design systems, and production frontend code (React, Next.js, TypeScript). **What You Get If You Hire Me:** Zero design-to-dev handoff friction, accelerated 0→1 shipping speed, and user experiences engineered to eliminate drop-offs and drive verified revenue growth.

EXPERIENCE

Co-Founder & Design Engineer

Commerce Agents (Product Studio), Chennai | Oct 2025 – Present

- Leading **0-to-1 product design, user research, and AI-accelerated frontend engineering** across e-commerce, hyper-local food tech, and IoT telemetry systems.
- **Vidya's Kitchen (0→1 PWA):** Designed & shipped Sivakasi's first food delivery PWA, kitchen dispatch board, and WhatsApp bot — eliminating manual phone chaos with **zero order drop-offs**.
- **We Two Pets (AI E-commerce):** Architected editorial pet platform (`wetwopets.com`) featuring an autonomous **AI gap engine** and a 2-human curation voting desk before products go live.
- **iRasus & IndiaOne ATM:** Designed EV battery pack health (SoH) telemetry dashboards and dual-role rural ATM replenishment apps reducing kiosk maintenance downtime.

Senior UX/UI Designer

Parla Retail (UK HQ — Chennai Office) | May 2024 – Sep 2025

- Spearheaded **cross-cultural UX solutions** for high-value retail e-commerce in direct partnership with US enterprise client **Nebraska Furniture Mart (NFM)**.
- Revamped **"Show & Sell" platform** with WebRTC video consultation, interactive screen-sharing, and in-call checkout, achieving a **38% reduction in booking/sales friction**.
- Streamlined inefficient retail appointment workflows by engineering an **integrated customer scheduler** with automated multi-channel notifications and calendar sync.
- Redesigned salesperson consultation dashboard, substantially boosting consultant productivity and client interaction throughput across US market expansion.

Lead UX/UI Designer

Intellemo.AI, Gurugram | Oct 2022 – Feb 2024

- Led comprehensive **UI architecture overhaul**, delivering a verified **25% increase in client engagement and ad sales** through user-centered workflows.
- Restructured monetization & subscription UX, successfully **boosting revenue from 0.35% to 13%** via transparent billing communication and clear value proposition.
- Scaled platform adoption from **1K to 100K+ app downloads** through usability testing, friction removal, and streamlined AI ad automation interfaces.

UX Designer • Software Developer Intern

Iconic Dream Focus, Chennai | Aug 2020 – Oct 2022 (2 yrs 3 mos)

- **UX Designer (Dec 2020 – Oct 2022):** Led project workflows as design lead, cutting delivery cycles by **25%**; designed flagship **"DRMURS"** social app from concept to launch with agile sprints.
- Won competitive Tamil Nadu Government digital platform redesign (Vandaloor Zoo), earning **first place recognition** and driving a **30% surge in digital engagement**.
- **Software Developer Intern (Aug 2020 – Nov 2020):** Developed company web platform using **HTML, CSS, JavaScript, and Bootstrap** on tight deadlines, reducing dev turnaround by **15%**.

KEY PROJECTS

Vidya's Kitchen — 0→1 Food Delivery PWA & Kitchen Suite

- **Challenge:** Sivakasi restaurant faced peak-hour order drop-offs, address confusion, and phone order chaos.
- **How I Solved:** Designed & built mobile-first PWA (Next.js, Supabase) with real-time kitchen board, driver tracking, and WhatsApp bot.
- **Outcome:** Achieved **zero order drop-offs**, eliminated phone chaos, and cut dispatch time by **60%**.

Show & Sell Platform — Parla Retail & Nebraska Furniture Mart

- **Challenge:** High-ticket US retail shoppers dropped off across disconnected remote consultations and separate cart links.
- **How I Solved:** Architected WebRTC video consultation suite with 1-click scheduling, interactive screen-sharing, and in-call checkout.
- **Outcome:** Slashed booking friction by **38%**, elevated consultant sales close rates, and scaled across US retail teams.

We Two Pets — Editorial Pet E-Commerce (wetwopets.com)

- **Challenge:** Pet owners struggled with unverified products, spam listings, and out-of-stock Indian imports on generic marketplaces.
- **How I Solved:** Architected editorial pet platform powered by autonomous AI catalog gap engine, India-availability veto, and 2-human curation voting desk.
- **Outcome:** Delivered 100% curated, zero-spam catalog with rapid facet search and elevated brand trust.
