SUMMARY

Senior UX Designer & Design Engineer with 6+ years of experience spearheading end-to-end user experience strategy, interaction design, and product decisions for multi-tier enterprise systems, B2B platforms, and consumer digital products. Proven track record leading discovery research, framing ambiguous business workflows into intuitive task architectures, and conducting rigorous usability validation (Maze). Deep technical acumen in web and mobile platforms (HTML5, CSS3, JavaScript, Next.js) that bridges design and engineering squads to eliminate handoff friction and accelerate enterprise delivery across desktop, tablet, and mobile.

SKILLS

UX Strategy & User Research: User-Centered Design (UCD), User Journey Mapping, Persona Development, Task & Workflow Analysis, Information Architecture, Usability Testing (Maze), Conversion Rate Optimization, Heuristic Evaluation.

Interaction Design & Systems: Enterprise Application UX, Responsive Web & Mobile Portals, Design Systems (Figma Variables, Tokens, Auto Layout), Rapid Interactive Prototyping, Wireframing, Micro-interactions.

Technical Platform Comprehension: HTML5, CSS3, JavaScript, TypeScript, Next.js, React, RESTful API Integration, Cross-Browser Compatibility, Design-to-Code Precision.

Stakeholder & Project Leadership: Milestone Planning, Agile / Scrum Sprints, Cross-Functional Engineering Collaboration, Design Mentorship, Executive Client Presentations.

EXPERIENCE

Co-Founder & Lead Design Engineer

Oct 2025 – Present

Commerce Agents (Product Studio) — Chennai, India

- Direct UX strategy and product architecture across a portfolio of intelligent commerce systems, enterprise portals, and client web applications, managing an integrated 5-person delivery team.
- Designed high-density enterprise operations and telemetry dashboards, including EV battery pack health (State of Health / SoH) monitoring suites for iRasus and dual-role rural ATM replenishment workflows for IndiaOne ATM.
- Conducted field user research and workflow analysis to architect a 0→1 multi-channel ordering platform for Vidya's Kitchen (mobile PWA, live kitchen dispatch board, WhatsApp ordering), cutting customer transaction times by 40%.
- Instituted shared design system tokens and reusable UI component libraries in Figma and code, establishing standard design-to-engineering handoff workflows that cut feature build cycles by 35%.
- Conducted iterative usability testing sessions to identify friction points, continuously validating prototype hypotheses before engineering sign-off.

Senior UX/UI Designer

May 2024 – Sep 2025

Parla Retail (UK HQ — Chennai Office)

- Partnered directly with enterprise client stakeholders (Nebraska Furniture Mart - US) to conduct customer journey mapping and synthesize qualitative user feedback addressing high-value showroom drop-offs.
- Conceptualized and delivered the "Show & Sell" consultation platform—integrating live video, screen-sharing, collaborative product boards, and in-call checkout across desktop and tablet interfaces.
- Architected an enterprise retail appointment scheduler featuring automated calendar synchronization and proactive customer reminders, achieving a +31% lift in booking completion and a 26% drop-off reduction.
- Designed the salesperson consultation and performance dashboard, streamlining consultation workflows, daily scheduling, and customer data tracking for multi-store retail teams.

Lead UX/UI Designer
Oct 2022 – Feb 2024

Intellemo.AI — Gurugram, India

- Led UX architecture overhaul of a SaaS marketing automation suite, translating complex multi-step campaign configuration flows into streamlined, wizard-guided interfaces.
- Redesigned billing, subscription tiers, and usage analytics dashboards, ensuring transparent value communication that significantly improved account upgrade conversions.
- Scaled platform user adoption from 1K to 10K+ downloads through systematic usability auditing, heuristic evaluation, and simplified onboarding interactions.

UX Designer & Software Developer Intern
Aug 2020 – Oct 2022

Iconic Dream Focus — Chennai, India

- Spearheaded UX research and information architecture for a competitive Tamil Nadu Government public digital modernization portal (Vandaloor Zoo), optimizing visitor booking and navigation accessibility.
- Elevated to Design Lead (Dec 2020 – Oct 2022); streamlined sprint deliverables by 25% through standardized wireframing, interactive prototyping, and cross-discipline developer alignment.
- Built responsive frontend web components using HTML5, CSS3, JavaScript, and Bootstrap, ensuring cross-platform browser compatibility and responsive UI fidelity.

EDUCATION

B.Tech in Information Technology
2016 – 2020

Loyola-ICAM College of Engineering and Technology — Chennai, India

Advanced UX/UI Design Certification
2020

Aspira Design Institute — Chennai, India
