EXPERIENCE

Co-Founder & Design Engineer

Oct 2025 – Present

Commerce Agents (Product Studio) — Chennai, India

- Lead end-to-end product design, UX strategy, and frontend architecture across 0→1 web and mobile applications, managing a team of 5 (3 design interns, 1 consultant) with rapid discovery-to-shipment sprints.
- Designed and shipped **Vidya's Kitchen** (mobile-first food delivery PWA, live kitchen dispatch board, and WhatsApp ordering bot), eliminating peak-hour phone chaos with 0% marketplace commission vs. third-party aggregators.
- Architected **We Two Pets** (wetwopets.com), an editorial pet commerce platform featuring an autonomous catalog gap engine, an India 11-store availability veto gate, and a 2-human curation voting desk before products go live.
- Designed real-time operations dashboards and telemetry interfaces, including EV battery pack health (State of Health - SoH, temperature, voltage delta) for iRasus and dual-role rural ATM replenishment workflows for IndiaOne ATM.
- Built and maintained scalable Figma design systems with strict design tokens (variables, color systems, typography scales, component states), ensuring seamless developer handoff to React/Tailwind engineering squads.

Senior UX/UI Designer
May 2024 – Sep 2025

Parla Retail (UK HQ — Chennai Office)

- Owned product design for the core live video-shopping platform in direct partnership with UK leadership and US enterprise retail client **Nebraska Furniture Mart (NFM)**.
- Designed the **"Show & Sell"** live interactive consultation suite (WebRTC video, interactive screen sharing, real-time catalog search, and in-call checkout), achieving a **+31% lift in booking completion and −26% drop-off reduction**.
- Architected an integrated customer appointment scheduler with automated calendar sync and multi-channel notifications, removing manual email bottlenecks for remote retail consultants.
- Redesigned the consultant operations dashboard to streamline customer queue management, live session telemetry, and post-session notes across distributed teams.
- Delivered comprehensive Figma design specifications, interactive prototypes, component states, and edge-case documentation for frontend engineering squads.

Lead UX/UI Designer
Oct 2022 – Feb 2024

Intellemo.AI — Gurugram, India

- Led UI/UX architecture for B2B SaaS marketing analytics dashboards, turning complex multi-variable campaign performance data into intuitive visual charts and automated optimization flows.
- Established a unified design language system and reusable UI component library across desktop and mobile, reducing frontend implementation time by 30%.
- Restructured monetization, onboarding, and subscription tiers with transparent billing communication, scaling platform user adoption from **1K to 10K+ users**.

UX Designer & Software Developer Intern
Aug 2020 – Oct 2022

Iconic Dream Focus — Chennai, India

- Won a competitive Tamil Nadu Government digital modernization project (Vandaloor Zoo platform) through accessible information architecture, interactive visitor maps, and ticketing flows.
- Served as Design Lead (Dec 2020 – Oct 2022), cutting delivery cycles by 25% by introducing agile design sprints; designed the flagship "DRMURS" mobile social application from discovery to production launch.
- Collaborated with engineering squads to translate wireframes and UI designs into responsive web interfaces using HTML, CSS, JavaScript, and Bootstrap.
