SANTHOSH A

Chennai, India | +91 99412 92729 | santhosh.a.designer@gmail.com | designbysanthosh.com | linkedin.com/in/santhosh-designer

SUMMARY

Product Designer with 5+ years of experience designing real-time operator dashboards, continuous telemetry interfaces, interactive consultation platforms, and scalable design systems. Proven expertise transforming complex multi-sensor data, live streaming status, and critical threshold alerts into calm, intuitive interfaces (EV battery telemetry and anomaly detection for iRasus, rural hardware diagnostics for IndiaOne ATM). Track record architecting end-to-end remote consultation workflows and appointment schedulers (+31% booking completion at Parla Retail). Combines deep user research methodologies with advanced Figma component architecture, WCAG 2.1 AA accessibility compliance, and hands-on frontend fluency (B.Tech in IT, React, TypeScript). Located in Chennai with immediate availability.

SKILLS & EXPERTISE

Telemetry, Dashboards & Healthcare UX: Real-Time Telemetry Visualization, Command Centre Dashboards, Critical Threshold & Anomaly Alerts, Clinical Decision Support Mental Models, Remote Patient & Operator Monitoring, Complex Workflow Simplification, Information Architecture (IA), Wireframing & Interactive Prototyping.

Usability, Accessibility & Research: WCAG 2.1 AA Accessibility Standards, High-Contrast & Legibility Design, User Journey Mapping, User Interviews & Field Studies, Usability Testing (Maze), Task Flow Analysis, Data Privacy & HIPAA-Aligned Usability Principles.

Design Systems & Figma Craft: Advanced Figma (Component Architectures, Design Tokens, Variables, Auto Layout, Interactive States), Scalable UI Libraries, Cross-Platform Consistency (Web & Mobile), Comprehensive Developer Handoff Documentation.

Technical Fluency & Collaboration: React, Next.js, TypeScript, HTML5, CSS3, Tailwind CSS, Supabase, WebRTC Video/Audio Consultation Flows, Cross-Functional Alignment with Product Managers, Clinical/Domain Specialists, and Engineering Squads.

EXPERIENCE

Co-Founder & Design Engineer

Oct 2025 – Present

Commerce Agents (Product Studio) — Chennai, India

- Designed and prototyped mission-critical telemetry and operations dashboards, including real-time EV battery pack health (State of Health - SoH, temperature, voltage delta) monitoring for **iRasus Technologies**, distilling dense multi-sensor data into glanceable, high-priority alert cards.
- Architected end-to-end field telemetry screens and dual-role replenishment workflows for **IndiaOne ATM**, mapping rural cash status and kiosk hardware diagnostics to eliminate operational blindspots.
- Built and maintained modular Figma design systems with strict design tokens (variables, typography hierarchy, spacing grids, component states), ensuring high-fidelity engineering handoff to React/Tailwind developers.
- Utilized modern prototyping workflows and React/TypeScript to build tangible, functional prototype environments, stress-testing real-time data visualizers and threshold alert interactions before engineering sign-off.
- Shipped consumer and workflow platforms including **Vidya's Kitchen** (mobile PWA and dispatch dashboard) and **We Two Pets** (wetwopets.com).

Senior UX/UI Designer
May 2024 – Sep 2025

Parla Retail (UK HQ — Chennai Office, Workafella Anna Salai)

- Owned product design for the core interactive remote video platform in direct partnership with UK product leadership and US enterprise client **Nebraska Furniture Mart (NFM)**.
- Designed the **"Show & Sell"** live remote consultation suite (WebRTC video, synchronized screen sharing, live catalog search, and real-time checkout), driving a **+31% lift in booking completion and −26% drop-off reduction**.
- Architected an integrated customer appointment scheduler featuring time-zone intelligence, automated calendar synchronization, and multi-channel notifications, removing coordination friction between consultants and clients.
- Redesigned the consultant operations dashboard to streamline customer queue management, live session telemetry, and post-session follow-up workflows.
- Delivered pixel-perfect Figma specifications, interaction design states, and edge-case documentation across web and mobile viewports.

Lead UX/UI Designer
Oct 2022 – Feb 2024

Intellemo.AI — Gurugram, India

- Led UI/UX architecture for B2B SaaS marketing analytics dashboards, turning complex multi-variable campaign performance data into intuitive visual charts and automated optimization flows.
- Established a unified design language system and reusable UI component library across desktop and mobile, reducing frontend implementation time by 30%.
- Restructured monetization, onboarding, and subscription tiers with transparent billing communication, scaling platform user adoption from **1K to 10K+ users**.

UX Designer & Software Developer Intern
Aug 2020 – Oct 2022

Iconic Dream Focus — Chennai, India

- Won a competitive Tamil Nadu Government digital modernization project (Vandaloor Zoo platform) through accessible information architecture, interactive visitor maps, and ticketing flows.
- Served as Design Lead (Dec 2020 – Oct 2022), cutting delivery cycles by 25% by introducing agile design sprints; designed the flagship "DRMURS" mobile social application from discovery to production launch.
- Collaborated with engineering squads to translate wireframes and UI designs into responsive web interfaces using HTML, CSS, JavaScript, and Bootstrap.

EDUCATION & CREDENTIALS

B.Tech in Information Technology
2016 – 2020

Loyola-ICAM College of Engineering and Technology — Chennai, India

Advanced UX/UI Design Certification
2020

Aspira Design Institute — Chennai, India

UX/UI Mentor
Apr 2024 – Present

FITA Academy — Chennai, India (Mentored 100+ designers; guided 20+ successful career placements)
