SUMMARY

Product Designer & Design Engineer with 6+ years of experience leading end-to-end product design across interactive video selling platforms, hyperlocal PWA ecosystems, B2B SaaS analytics, and mentor operations. Proven expertise translating complex user journeys and multi-step workflows into calm, intuitive digital products that drive measurable business outcomes. Combines deep UX research methodologies and scalable Figma design systems with strong technical and engineering grounding (B.Tech in IT, React.js, HTML, CSS, Bootstrap, Java, JEE, Spring Boot, SQL, Supabase, Tableau) to eliminate design-to-engineering handoff friction. Experienced collaborating with cross-functional squads, engineering teams, and international enterprise clients.

SKILLS & EXPERTISE

Product Design & Systems Craft: End-to-End Product Design, Advanced Figma (Component Architectures, Design Tokens, Variables, Auto Layout, Interactive Prototyping), Reusable UI Libraries, Design System Governance, Cross-Platform Consistency (Web & Mobile), Comprehensive Developer Handoff Specs.

UX Research & Usability: User Research Methodologies, User Interviews & Field Studies, User Journey Mapping, Information Architecture (IA), Task Flow Analysis, Usability Testing (Maze), WCAG 2.1 AA Accessibility Standards, Conversion Rate Optimization.

Technical & Engineering Fluency: React.js, HTML5, CSS3, Bootstrap, Responsive Web Design, Java (JEE, Spring Boot), SQL, Supabase, Tableau (Data Visualization & Analytics), REST APIs & WebRTC Video Flows, Design-to-Code Feasibility.

Product Leadership & Collaboration: 0→1 Product Architecture, Agile Sprints, Cross-Functional Alignment with Product Managers, Engineering Squads, and Global Enterprise Clients.

EXPERIENCE

Co-Founder & Design Engineer

Oct 2025 – Present

Commerce Agents (Product Studio) — Chennai, India

- **Vidya's Kitchen (0→1 Food Delivery PWA):** Designed the end-to-end food delivery PWA, live kitchen dispatch board, Tableau order analytics, and automated WhatsApp conversational ordering bot (built on Next.js, React, Supabase stack), replacing manual phone order chaos with automated kitchen dispatch and zero marketplace commission fees.
- **We Two Pets (Pet Commerce Platform):** Architected the UX/UI for curated pet commerce platform (wetwopets.com), designing the editorial trust bento, on-site checkout journey, and transparent order tracking timeline.
- **Ezra Dashboard (Mentor Operations):** Designed unified operations surface for FITA Academy mentors and batch coordinators, streamlining attendance tracking, student progress visibility, and automated batch-end handoffs.
- **Makeon (STEM Learning Ecosystem):** Designed the 7-Move Build Loop engine, high-contrast technical design system, and institutional conversion matrix impacting 500+ student builders.
- **Specialized UI Design & UX Research:** Researched operator workflows and designed real-time EV battery pack health (State of Health - SoH, temperature, voltage delta) telemetry dashboards for **iRasus Technologies**; designed dual-role replenishment screens and kiosk hardware diagnostics for **IndiaOne ATM** to cut rural maintenance downtime.
- Built and maintained modular Figma design systems with strict design tokens (variables, typography hierarchy, spacing grids, component states), ensuring high-fidelity engineering handoff.

Senior UX/UI Designer
May 2024 – Sep 2025

Parla Retail (UK HQ — Chennai Office) — Chennai, India

- Owned product design for the core interactive remote video shopping platform in direct partnership with UK product leadership and US enterprise retail client **Nebraska Furniture Mart (NFM)**.
- Designed the flagship **"Show & Sell"** live consultation suite (WebRTC video, synchronized screen sharing, live catalog search, and in-call checkout), achieving a sales-reported **+31% lift in booking completion and −26% drop-off reduction** across client review retrospectives.
- Architected an integrated customer appointment scheduler with time-zone intelligence, automated calendar synchronization, and multi-channel notifications, removing manual email coordination friction.
- Redesigned the consultant operations dashboard to streamline customer queue management, live session telemetry, and post-session follow-up workflows.
- Delivered pixel-perfect Figma specifications, interactive component states, and edge-case documentation across web and mobile viewports for engineering squads.

Lead UX/UI Designer
Oct 2022 – Feb 2024

Intellemo.AI — Gurugram, India

- Led UI/UX architecture for B2B SaaS marketing analytics dashboards, turning complex multi-variable campaign performance data into intuitive visual charts and automated optimization flows.
- Established a unified design language system and reusable UI component library across desktop and mobile, reducing frontend implementation time by 30%.
- Restructured monetization, onboarding, and subscription tiers with transparent billing communication, scaling platform user adoption from **1K to 10K+ users**.

UX Designer & Software Developer Intern
Aug 2020 – Oct 2022

Iconic Dream Focus — Chennai, India

- Won a competitive Tamil Nadu Government digital modernization project (Vandaloor Zoo platform) through accessible information architecture, interactive visitor maps, and ticketing flows.
- Served as Design Lead (Dec 2020 – Oct 2022), cutting delivery cycles by 25% by introducing agile design sprints; designed the flagship "DRMURS" mobile social application from discovery to production launch.
- Collaborated with engineering squads to translate wireframes and UI designs into responsive web interfaces using HTML, CSS, JavaScript, and Bootstrap.

EDUCATION & CREDENTIALS

B.Tech in Information Technology
2016 – 2020

Loyola-ICAM College of Engineering and Technology — Chennai, India

Advanced UX/UI Design Certification
2020

Aspira Design Institute — Chennai, India

UX/UI Mentor
Apr 2024 – Present

FITA Academy — Chennai, India (Mentored 100+ designers; guided 20+ successful career placements)
