SUMMARY

Senior Product Designer with 6+ years of experience defining 0→1 digital products, connected hardware/telemetry dashboards, pet platforms (We Two Pets), and scalable design systems. Proven ability to translate complex hardware sensor streams into calm, actionable mobile experiences that eliminate user alert fatigue and anxiety. Extensive experience designing for US enterprise markets (Nebraska Furniture Mart) and consumer ecosystems across iOS, Android, web, and device interfaces. Strong technical foundation (B.Tech in Information Technology, React.js, Supabase, SQL) enabling close collaboration with founders, hardware squads, and software engineers. Active mentor to 100+ designers. Open to Bengaluru on-site.

SKILLS & EXPERTISE

Product Strategy & Connected Devices UX: 0→1 Product Direction, Connected Device Onboarding, Sensor & Hardware Telemetry Visualization, Health & Behavioral Data Triage, Multi-Platform Design (iOS, Android & Web), Error States & Device Pairing Workflows.

Interaction Craft & Design Systems: Advanced Figma Architecture, Design Tokens (Variables, Spacing, Typography Hierarchy), Scalable UI Component Systems, Micro-Interactions & Motion Design, Data Cards & Interactive Widgets, Developer Handoff Specs.

UX Research, Usability & Analytics: User Interviews & Field Studies, Information Architecture (IA), Task Flow Optimization, Usability Testing (Maze), Data-Informed Iteration, WCAG 2.1 AA Accessibility Standards, Tone of Voice & Product Writing.

Technical Grounding: React.js, HTML5, CSS3, Bootstrap, Java (JEE, Spring Boot), SQL, Supabase, Tableau (Analytics), REST APIs, Hardware-to-Cloud Integration Constraints.

EXPERIENCE

Co-Founder & Design Engineer

Oct 2025 – Present

Commerce Agents (Product Studio) — Chennai, India

- **We Two Pets (Pet Platform UX & Architecture):** Architected the complete end-to-end UX/UI for a dedicated pet platform (wetwopets.com); designed the editorial trust bento, intuitive pet care product discovery flows, transparent order timelines, and emotional micro-interactions that resonate with pet parents.
- **Hardware Telemetry & Alert Fatigue Triage (iRasus Technologies):** Architected high-frequency multi-sensor telemetry dashboards for connected battery packs; implemented a 3-tier progressive disclosure model (Fleet Health Triage → Diagnostics → Cell Faults) specifically engineered to eliminate operator alert fatigue and prevent false panic.
- **Operational Mobile UX (IndiaOne ATM Franchise App):** Designed a specialized mobile management app for an ATM franchise operator to streamline cash replenishment and field loadmen tracking; designed simple dual-role doorways (Admin vs. Loadman), large high-contrast denomination calculators, and clean bank deposit cross-checks to eliminate messy paper notebook tracking.
- **Vidya's Kitchen (0→1 Food Delivery PWA):** Designed the end-to-end food delivery PWA, live kitchen dispatch board, Tableau order analytics, and automated WhatsApp conversational ordering bot (built on Next.js, React, Supabase stack), replacing manual phone order chaos with automated kitchen dispatch.
- **Design System Leadership:** Authored modular, production-grade Figma component libraries using design tokens, unified component states, and strict spacing systems for mobile and web surfaces.

Senior UX/UI Designer
May 2024 – Sep 2025

Parla Retail (UK HQ — Chennai Office) — Chennai, India

- Led end-to-end product design for the core interactive remote video commerce platform in direct alignment with UK leadership and US enterprise retail client **Nebraska Furniture Mart (NFM)**.
- Designed the flagship **"Show & Sell"** live consultation interface (synchronizing live WebRTC video, catalog search, real-time cart manipulation, and in-call checkout), driving a sales-reported **+31% lift in booking completion and −26% drop-off reduction**.
- Architected an enterprise scheduling engine with time-zone intelligence, automatic advisor assignment, calendar synchronization, and resilient fallback states for missed sessions.
- Redesigned the consultant operations console, consolidating queue prioritization, live customer telemetry, and post-call CRM logging into a single, clutter-free screen.
- Mapped end-to-end system edge cases (network latency drops, payment verification failures, multi-tab conflicts) to ensure rock-solid workflow reliability.

Lead UX/UI Designer
Oct 2022 – Feb 2024

Intellemo.AI — Gurugram, India

- Spearheaded UX/UI architecture for an AI-powered B2B marketing analytics SaaS platform, transforming complex multi-channel performance data into actionable insights and rule-based automation workflows.
- Established a comprehensive design system and reusable component repository across web and mobile surfaces, reducing engineering delivery cycles by 30%.
- Designed transparent billing, usage tier limits, and enterprise onboarding flows, contributing to product adoption scaling from **1K to 10K+ active users**.

UX Designer & Software Developer Intern
Aug 2020 – Oct 2022

Iconic Dream Focus — Chennai, India

- Led UX architecture for the Tamil Nadu Government digital modernization project (Vandaloor Zoo platform), structuring visitor flows, online ticketing validation, and interactive geographic navigation.
- Promoted to Design Lead (Dec 2020 – Oct 2022), reducing cycle time by 25% through agile design sprints; designed the "DRMURS" mobile social platform from discovery through production launch.
- Partnered directly with engineering squads to build and test responsive web components utilizing HTML5, CSS3, JavaScript, and Bootstrap.

EDUCATION & CREDENTIALS

B.Tech in Information Technology
2016 – 2020

Loyola-ICAM College of Engineering and Technology — Chennai, India

Advanced UX/UI Design Certification
2020

Aspira Design Institute — Chennai, India

UX/UI Mentor
Apr 2024 – Present

FITA Academy — Chennai, India (Mentored 100+ designers; guided 20+ successful career placements)
